Can you afford to take chances with your lot maintenance?

Litter and dirt turn customers away, cracks and holes become worse over time, and safety issues can create a serious liability risk. The EPA could slap a big fine on your business if you don't prevent pollution runoff.

With The Resource Collection, you can be confident that your lot contributes aesthetically to your success while meeting all regulations.

The Resource Collection is your single source vendor to perform all other parking lot maintenance duties including:

Parking lot sweeping • Day porter services / trash pick-up • Pressure washing & steam cleaning/ degreasing
Landscape design/installation/maintenance • Rubbish removal • Trash hauling • Graffiti removal • Gum removal
Emergency clean-up service • Wet sandblasting • Prepare & paint curbs/handrails/benches/site fixtures
Metal/wood/concrete cleaning & maintenance • Removal of newspaper racks/unauthorized items
Asphalt installation/repair/maintenance/slurry/stripe • Concrete repair/grinding/replacement • Total event support (planning/clean-up) • Lighting maintenance • Sign and base installation • Pest control services
Snow removal and salting • ADA compliance • EPA compliance • Bumper stop replacement (parking stops)
Safety bollard installation • Licensed security guards • Board-up services

More than Clean – Environmentally Green

The Clean Water Act of 1991 set an agenda to achieve higher Water Quality Standards. The EPA recently cited runoff from urban areas, including parking lots, as the third largest source of water pollution impairing the use of the Nation's waters.

Our experienced and dedicated staff is actively working to improve this with our state-of-the-art cleaning services. We welcome you to "go green" with the Resource Collection and make a difference today.

The Resource Collection delivers a comprehensive set of competitively priced, property services across a broad service area ensuring your complete satisfaction
